

Position Description: **STEAM Manager**
(Science, Technology, Engineering, Arts and Mathematics)

Status: Full time/ Year Round

Reports to: Talisker Club General Manager

Purpose of Job:

This position will help create and oversee a unique experiential environment that will spark imagination and unleash creativity through hands-on learning in a fun and exciting atmosphere for children, teens and adults. The STEAM Manager will educate Talisker Club's Members and their guests by blending the fields Science, Technology, Engineering, Arts and Mathematics and encourage the use of different skills to solve problems in a fun and collaborative group environment.

ESSENTIAL FUNCTIONS AND RESPONSIBILITIES:

- Develop STEAM-learning lessons and activities for adults, adolescents, and children with the types of courses, activities and lessons that emphasize "out of the box" thinking and different ways to explore problem solving.
- Ensure that programing meets state and national guidelines.
- Collaborate with schools and universities to support STEAM programs and initiatives.
- Provide hands-on materials.
- Demonstrate an awareness of Club Members' backgrounds, cultures and learning abilities.
- Monitor the programs growth to identify strengths and areas for improvement.
- Using data to constantly refine programming.
- Supervise and ensure the safety of those attending any aspect of the programming.
- Provide regular feedback to participants.
- Prepare annual budgets for programing and manage to approved budgets.
- Provide regular updates to the Club's General Manager on program development, program successes and opportunities for improvement.
- Provide courses, lessons, and activities to various Club department-heads in a timely manner to promote the program.
- Other duties as assigned.

Education, Experience and Qualifications

- Bachelor's degree in a STEAM field.
- Previous experience as a STEAM teacher will be advantageous.
- State teaching license in the relevant field.
- Knowledge of STEAM best practices.
